

CORE CATALOG

Reliably Classic

Some styles are so iconic, so foundational, that they belong in every guy's closet. Made in premium fabrics that lend themselves to taking on the back nine, these year-round, always-cool, timeless pieces are made to move with you with comfort, and of course, classic style.

The Athletic Icon

Designed with premium fabrics and the attention to detail we've become known for, our assortment of golf polos are on par with the best. Our Birdie Performance Polo, Lyndonn Striped Performance Polo and Huronn Featherweight Performance Polo are designed specifically with technical performance fabric with sweat-wicking and sun-shielding properties, while still having classic style for the course. What put us on the map, our Original 4-Button Polo, is super soft with a bit of stretch for comfort and the cut is as good today as it was in 2005—you'll need it in more than one color.

To a Tee

What builds a better wardrobe foundation than a classic t-shirt? We have two versatile styles in our arsenal that stand up to any activity, plus hundreds of wears and washes. The Dale 2.0 Pocket Tee has classic good looks, and is soft and lightweight in a cotton and modal blend—perfect for everyday wear. When things get sweaty, we reach for the Course Performance Tee—lightweight and moisture-wicking with built-in UPF 50, it’s stylish enough for everyday wear but also takes on the gym and other athletic activities with ease.

Layering For Pros

Made to play on misty mornings, sun-filled afternoons or cool evenings, these lightweight layers are indispensable for your everyday activities and your golf bag. The Freeborne Performance 1/4 Zip, Talon Featherweight Performance Hoodie and Motion Performance 1/4 Zip feature performance-ready fabrics, so they're ready to wick sweat and block the sun's rays with built-in UPF 50. Soft and wrinkle-resistant, our Sully 1/4 Pullover feels like your favorite sweatshirt but looks as polished as your best Sunday dinner sweater, so it's incredibly versatile.
